Dear Manny,

I have been asked to make a speech in the New York area the week of May 6.

This makes my going there possible.

I would like to pick up my papers because I will be seeking other counsel.

You never answered my question, have you let the statute run on any of this? It would be good for me to know.

If you would care to tell me why you have done nothing for so long, I sure would like to know. It has hurt us much.

I wrote Dick almost a year ago. He did not respond.

Sincerely,

Harold Weisberg
